# UR-CE AI SALES ASSISTANT

## Focused on YOUR Business and YOUR Customers

Picture this: I have three delivery apps on my phone, but I only use the one that has everything I need. It's convenient, reliable, and gets the job done. **Your customers think the same way; they'll keep coming back to the app that offers them the best experience.**

### WHAT YOU GET:

- **Increase "First-Time-Fix":** Users can scan QR/Barcode to open service calls, ensuring dispatchers have accurate information
- **Increase PM Coverage:** Customers can check PM coverage status and request coverage if needed
- **Reduce Rental Chargebacks:** Customers can scan and request returns effortlessly
- **Tech Schedules:** Customers can view technician arrival times.
- **Actionable Data:** Gather valuable marketing analysis and actionable data
- **Get Recognized:** Build your brand presence in customers' and prospects' pockets
- **Create Sales Opportunities:** Showcase specific business news, offerings, and training
- **Customizable by Customer Interest:** Add topics based on customers' interests
- **Create Real-Time Sales Opportunities:** Receive real-time customer feedback
- **360-Degree Customer View:** Gain a complete view of your customers' interests
- **Actionable Analytics and Insights:** Access reports and graphs at your fingertips
- **Single Point of Communication:** Access the entire company through one channel
- **Keep Your Customers Engaged:** Push notifications to keep users engaged

### WHAT YOUR CUSTOMERS AND PROSPECTS GET:

- **Instant Access to Information:** On-demand access to information in their pocket
- **Increase First-Time Fix:** Request service using QR/Barcode and voice-to-text
- **Reduce Rental Chargebacks:** Request returns once done with rentals
- **Effortless Interaction:** Seamless and easy interactions
- **Personally Customizable:** Customize their experience based on interests
- **Exclusive Offers:** Deliver exclusive offers and recommendations instantly
- **Consistent Experience:** Create a consistent experience across touchpoints
- **Personalized Experience:** Receive notifications and information based on their interests
