

MOBILE FIELD SERVICE & MANAGEMENT SOLUTION

UR-Designs Brings Solutions to **YOUR** Business

Mobile Field Service & Management Solutions, which we refer to as '**UR-Tech Suite**', will save you time and money while **streamlining work and making it easier for everyone.**

Our easy-to-use, on-site tool will:

- Automate service calls
- Eliminate paperwork
- Empower your technicians
- Allow dispatch to locate the nearest technician through GPS tracking
- Assign work orders while tracking inventory
- Ease the upsell process with stakeholders
- Real-time parts availability and labor costs
- Assist your technicians in upselling to your customers
- Promote Safety First – Field Level Hazard Assessment (FLHA)
- Increase customer satisfaction and retention
- Maximize overall efficiency
- Operate disconnected, outside of cell and WiFi zones
- Seamlessly integrate with your business system
